

PAV – Collège

Based in Chevreuse, Parents Anglophones de la Vallée (PAV) is an association that offers English classes for English-speaking children being brought up in a bilingual environment. For many of the children it is an opportunity to build on English already learnt in PAV classes and within the home; for others returning from an English-speaking country, the classes allow them to maintain their fluency.

The Teachers

The teachers are all native English speakers. They are qualified and have professional experience in creating a friendly but also studious environment. When necessary, our teachers are also supported by teaching assistants to ensure that every child has the best opportunity to develop their English.

The Classes

The class for the **college** group is held on **Wednesday afternoon** (see next page) at the Maison des Associations, 45 bis rue de Rambouillet, in Chevreuse.

The classes are small with a maximum of 10 students per teacher. Each student progresses through an English skills workbook corresponding to their English level. Specific novels will be studied and discussed in class. Development of oral and written English are equally encouraged.

Places are allocated on a first come first served basis to children with an appropriate level of English for their age. Your child will be invited for an *informal* evaluation. Integrating into the class dynamic in terms of both English language and behaviour is very important for the success of all students so every child will go through a short trial period before the enrolment is completed.

The first day of term will be **Wednesday 13th September 2023**.

PAV-Collège

PAV-Collège is organised by Parents Anglophones de la Vallée (PAV), a non-profit Association established in 2012 and run by volunteers. Fees go towards paying the teachers and other operational costs and we strive to keep them as low as possible. Subscription to the association is compulsory for all families with children enrolled in classes run by PAV.
