

## PAV – Maternelle

Based in Chevreuse, Parents Anglophones de la Vallée (PAV) is an association that offers English classes for English-speaking children being brought up in a bilingual environment. PAV – Maternelle is for children aged 3 to 6 years old. For many of the children it is an opportunity to build on English learned in the home environment; for others returning from an English-speaking country, the classes allow them to maintain their fluency.

### The Classes

The classes are held on Wednesday from 9:30am to 12:00pm in the **Périscolaire room of the Ecole Maternelle Juliot Curie** in Chevreuse.

The classes are small and allow children to acquire early literacy skills in English. The teacher is a native English speaker and is qualified and has professional experience in creating a fun and friendly learning environment. Our teacher is supported with teaching and/or reading assistants. This model ensures that every child has the best opportunity to develop their English, with appropriate one on one time with their teacher.

#### **Moyenne and Grande sections** (age 4-6) starting on **Wednesday 13<sup>th</sup> September 2023**

The children are introduced to a new letter or sound each week following the phonetic system. Word formation and simple sentence construction are gradually introduced. The older children benefit from a one-to-one reading session with a teacher. Every week, they bring home a library book and a reading book to work on with their parent(s)/guardian(s).

#### **Petite section** (age 3-4) starting on **Wednesday 10<sup>th</sup> January 2024**

This age-group joins the morning MS/GS class in January to allow time to settle into French school during the autumn term. Stories, activities and songs in English are used to develop their language and pre-writing skills.

Places are allocated on a first come first served basis to children with an appropriate level of English for their age. Your child will be invited for an *informal* evaluation with a trial period to follow (max 4 weeks, depending on the outcome of the evaluation)

Integrating into the class dynamic in terms of both English language and behavior is very important for the success of all the children.

## PAV-Maternelle

PAV-Maternelle is organised by Parents Anglophones de la Vallée (PAV), a non-profit Association established in 2012 and run by volunteers. Fees go towards paying the teachers and other operational costs and we strive to keep them as low as possible. Subscription to the association is compulsory for all families with children enrolled in classes run by PAV.
